

Part Number: 8E0 057 593/8E0 057 593 A
Description: Sirius or XM
Satellite receiver

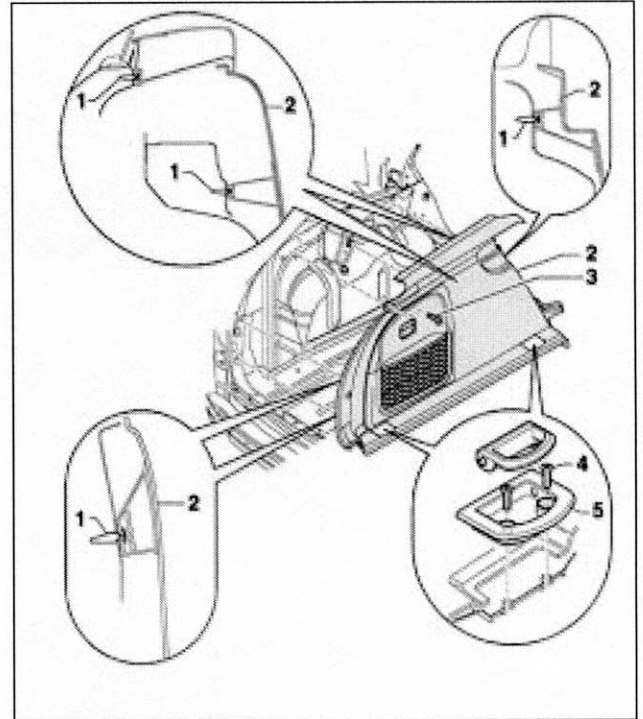

Supplier: Delphi Automotive / Votex GmbH
Fitments: A4 Avant 2004>
S4 Avant 2004>

XM or Sirius Audi Satellite receiver installation

Step#04a

Caution: Damage caused by improperly reinstalling side luggage compartment trim.

Step#05

Removing side luggage compartment trim assembly. Remove T30 bolts #4 (4Nm) for the two tie down (#5) hooks. Remove the T20 screw #3 (1.8 Nm). Unclip trim spring clips #1 (4x) Be careful to use the proper trim tools, and protect painted surfaces when using the trim tools. Installing is reversal of removing. The tailgate rubber seal must be laid over the side trim piece (the tailgate rubber seal does not need to be removed).

This is a very difficult re-install and can be facilitated by performing it with two people. Make sure all the guides and spring clips are properly aligned prior to putting the side-trim back in place. Failure to do this correctly will result in damaging trim pieces or clips.
